    - o ESOR
    - o Fed-Hub
    - o PRISM
    - o VLP
    - o MAXIS
    - o TALX

- <u>Experience with secure coding principals such as OWASP Top 10, SANS top 25</u>
- <u>Experience with IRS Pub 1075 and NIST 800-53 rev4</u>

Question 1: Does DHS have an incumbent contractor(s) either currently working, or who recently worked, on this project? Are there incumbents for each of these roles?
Answer 1: Yes.

Question 2: Are the incumbents eligible to respond to this solicitation?
Answer 2: Yes.

Question 3: If there are incumbents, can you provide the names of these incumbents?
Answer 3: For more information regarding current state contracts, please submit a data request to MN.IT. It will be processed within a reasonable timeframe in accordance with the MN Government Data Practices Act and applicable policies.

Question 4: Please confirm that all candidates need to have experience with both IRS Pub 1075 and NIST 800-53 rev4? Or if a candidate has experience with only one or similar standards, will you consider them?
Answer 4: The Required and Desired Skills sections have been modified in this addendum.

Question 5: There are Pass/Fail requirements listed such as: "Experience with IRS Pub 1075 and NIST 800-53 rev4" , and "Experience with secure coding principals such as OWASP Top 10, SANS top 25" These are very specific programs, are these truly a Pass/Fail requirement?
Answer 5: The Required and Desired Skills sections have been modified in this addendum.

This addendum shall become part of the RFO and should be returned with, or acknowledged in, the response to the RFO.
